Interesting storyBy AJ RasmussenI like the story, and the living weapons are a fun addition, it doesn't gave the smooth flow of other works by Caleb though, it seems to jump from one crazy event to the next, without a natural flow or progression, and there is a lot of misinformation pit in to keep things suspensful, that make the story seem forced.Overall a good story, and I recomended it.1 of 1 people found the following review helpful. Fantastic!By Kindle CustomerA great, very engaging read and an awesome sequel to the first book. I Cannot wait for the next one.

After their Union, Randall and Dan'Moread set off for parts unknown with a mysterious assignment from Phinjo: to retrieve some sort of document from a nearby ruin.As with such adventures, one things leads to another and soon they find themselves hip-deep in a boiling cauldron of magical, political, and personal intrigue which threatens to consume their entire world.Will their bond continue to strengthen, or will their imperfect Union strain to the breaking point? Find out in Dross, Book Two of the Joined at the Hilt series!
